Thank you for showing an interest in Mile End Golf Club. The original 9 Hole course at Mile End opened for play in June 1992. Construction of an additional 9 holes was fully completed in early 1995 and the opening of the full size 18 hole course took place on May 18th 1996. The 18 hole layout has been developing in leaps and bounds ever since.

The total length of the full 18 hole course is 6,020 yards ( par 71 ) from the men's yellow tees and 5,322 yards ( par 72 ) for the ladies. The course covers over 135 acres, and includes a number of water features, notably the 3rd & 17th (par 3 holes) which both have greens protected by large pools. The longest hole is the par 5, 542 yard 14th, complete with it's two-tiered green. Visitors regularly comment on the superb design & "layout" of the course.

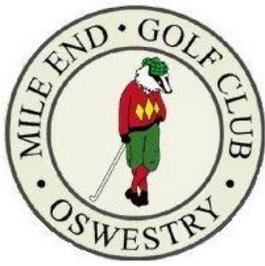

Mile End is run as a "family" business and as such it has always been the policy of the Proprietor's that whenever anything is done (whether large or small) it is done properly. This policy of " long term " investment has served us well in the early years of the Club and will continue into the future.

Our modern clubhouse caters for the needs of our Membership and also provides facilities for the numerous individuals and societies that visit each year. We have full bar & catering facilities (including a delicious assortment of home-made dishes) and also full changing & shower facilities for men & ladies.

Our PGA Professional and his staff are at hand to cater for your golfing requirements including prizes for your day, tuition and advice on golfing equipment and etiquette. Mile End Golf Shop is well stocked with quality equipment and offers a full Custom Fit service on most top brands.

Ongoing investment by the Proprietors ensures that Mile End continues to offer the best possible facilities for golfers of all abilities. This has most recently seen the opening of our Two-Tier, 16 Bay Driving Range alongside a state of the art indoor Club Custom-Fitting Centre.

We firmly believe that Mile End is not only the friendliest place to play your golf, it also offers the best value for money.

## A FEW REMINDERS CONCERNING YOUR VISIT TO MILE END

Upon arrival we would ask that the group "organiser" introduces him / herself to the staff in the Pro-Shop who will then make sure that all relevant information is made available to ensure that your day is as enjoyable as possible.

We ask that you ensure that all participating golfers are aware of our dress rules. This is basically that **NO** jeans, trainers, tracksuits or collarless shirts are allowed on the golf course. Shorts are allowed, but should be of the tailored variety. Please also note that as long as golfers are wearing recognised golfing dress ( ie smart casual), we have no special requirements regarding the wearing of jackets & ties etc. ( as is the case at many other Clubs ).

We hope that by fore-warning golfers of these "rules" we can save any embarrassment or frustration on the day of their visit.

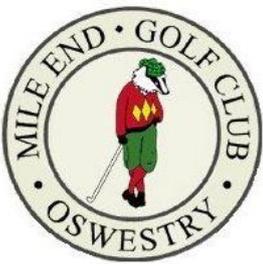

Our P.G.A. Professional maintains a well-stocked shop, and is able to supply all golfing items and prizes, if required, at very competitive prices. **Society Discounts are available.**

If meals are being "pre-booked" then we would be grateful of advance notification of any special dietary needs of any members of your group.

Please note that during Winter months there may be, at certain times, a trolley and/or buggy "ban" in force. Please check near to the date of your visit to help avoid any frustration on the day.

Obviously there is always a high maintenance routine in operation on the golf course. We would therefore hope that you will accept our advance apologies for any work of this type that co-incides with your visit.

You will, of course, be advised of any further special circumstances on your arrival at the Club.

## GOLF BUGGIES

Mile End has 8 electric ride on buggies for hire. They are made by CLUB CAR and come complete with scorecard holder, sweater basket, cup holders, sun top and screen.

These buggies can be pre-booked via the pros' shop or on your society booking sheet. It is advisable that you book well in advance of your visit as there is always a high demand for their use. **Please note that there may be times that buggies are not available for hire dependant on weather conditions (however this is usually limited to the winter months).**

Please give careful consideration for the number of buggies that you will need for the day as you may be charged for unused buggies.

- The golf car should be driven carefully and responsibly at all times.
- It is prohibited to drive the golf car onto or across tees and greens and the Hirer will not use aggressive braking on the fairways. The parking brake must be applied at all times when the golf car is at rest.
